

Item P11-7907
Bosch BLAZE™ Outdoor 400' Connected Lithium-Ion Laser Measure with Camera

BLAZE™ Outdoor technology - outdoor laser measuring device with up to 400' measuring, camera and next-gen connected convenience through the free Bosch MeasureOn app. Multiple measuring features include 11 different measuring functions, including real-time length, length, area, volume and indirect functions, and addition/subtraction capability. Memory storage allows users to see the last 50 measurements on the tool and stores over to 600 images. Integrated, rechargeable 3.6V Lithium-Ion battery delivers remarkable runtime for all-day jobs. **Includes: micro USB cable, battery charger, hand strap, and pouch.**
