

Item P11-0768

Bosch CORE18V PROFACTOR® Starter Kit

Extend runtime and charge faster; this performance starter kit features two 18V 8.0Ah batteries and a 16 amp charger. Two fans cool the battery to reduce charge time without overheating, and two additional charging modes are available on the app to help extend the battery life.

Item	Description	Attributes
11-0768	GXS18V-13N14 CORE18V PROFACTOR Starter Kit with 8.0Ah battery
