

**Item P10-2838**

**Briggs & Stratton 27" Dual-Stage Snowblower**

Briggs & Stratton 27" Dual-Stage Snowblower is a medium-duty two-stage snowblower for moderate to heavy snow. Push Button Electric Start offers quick and easy starting, down to 20 degrees below zero. Dual-Trigger Steering releases the left or right wheel to help make tight turns. Electric Chute Rotation easily adjusts the direction the snow is thrown from left-to-right with the simple push of a button.

- 250 cc engine
- 11.5 ft.-lbs. gross torque
- Free Hand™ Control offers one-handed operation
- Gear Drive Transmission – 6 forward & 2 reverse speeds.
- Dual LED Headlights
- Steel reversible skids
- Tire Size: 16" x 4.8"
