

Item P14-0557
Circuit Breaker Lockout

Secure and simple mounting for a solid lock-out. Grips tight with simple thumb turn and clamping handle. Narrow profile permits side by side breaker lockout. Accepts Master Lock® and American Lock® safety padlock shackle and lockout hasp diameters. Durable construction with powder coated steel and reinforced polymer allows operation in harsh environments. For standard height and tie-bar toggles. Model 493B.
