

Item P11-0700

DeWalt 20V MAX XR® Jig Saw Kit

A variable-speed trigger and dial provide total speed control up to 3,200 spm for ultimate cutting versatility. The 4-position orbital action allows for additional adjustments to optimize cut quality and speed for the material you're cutting. A bright LED makes it easy to follow cut lines in shadows and when lighting is low. The updated all-metal, lever-action keyless blade clamp is designed for quick and easy blade changes. **Kit includes: 20V MAX XR Brushless Jig Saw, 20V MAX 5.0Ah Lithium Ion Battery, Charger, Jig Saw Blade, and Kit Box.**
