

Item P11-6679

DeWalt 20V MAX* Cordless Cable Stapler Kit

DEWALT® 20V MAX* Cordless Cable Stapler is built for residential wiring applications, primarily fastening Romex® brand wires and cables. Made in the USA with global materials, this stapler has a proprietary cable guide that helps to drive staples over cable. The compact frame and lightweight design are ideal for tight spaces. A center-mounted LED light helps to eliminate shadows and illuminate the work area in low light conditions. Compatible with DEWALT DRS18100 1" insulated cable staples (sold separately). **Includes: DCB203 20V MAX* 2.0 Ah battery, charger, soft kit bag, belt clip, and staple holder for staples.**
