

Item P95-5160

DeWalt 20V MAX* XR® Cordless Concrete Nailer Kit

20V MAX* XR® 1" Magazine Cordless Concrete Nailer Kit is built for drywall track installation into concrete and steel substrates. Operating on the same battery as other DEWALT 20V MAX* tools and eliminates the need to purchase fuel cells. A field-serviceable driver blade minimizes downtime. Variable power settings, small-profile 1" capacity magazine, and interchangeable nose pieces maximize versatility and convenience. LED worklights make this nailer shine in lowlight conditions. **Kit includes: DCN891 20V MAX* Cordless Concrete Nailer,(2) 5.0Ah Batteries, Charger, standard drywall nose piece and kitbox.**
