

Item P11-0735

DeWalt 3 Line Green Laser

Features a green beam for clear visibility on the jobsite. This laser features a second plumb line that forms a 90° intersecting line on the floor and ceiling, great for installing lighting or cabinetry. A built-in magnetic pivot bracket mounts easily on metal surfaces for added convenience. This laser also features a micro adjust knob for precise alignment of 90° intersecting lines over greater distances. Accurate to +/- 1/8" @ 30' for level applications. Micro adjust knob for precise alignment of 90-degree intersecting lines over greater distances.
