

Item P10-1714

DeWalt Onboard Dust Extractor for 1" SDS Plus Hammers

Table 1-compliant dust management solution for 1" SDS Plus rotary hammers. 2-second power off delay ensures dust extraction to continue after drill is switched off. Clear, durable dust box ensures users can see when dust box needs to be emptied. Built-in motor increases suction and high tool performance. Drill up to 5/8" diameter, 4" useable length, and 6" overall length bits. Fits into tight spaces on scissor lifts and between overhead pipes and ductwork.
