

**Item P14-7800**  
**Falltech 6' DuraTech® Personal SRL with Steel Rebar Hooks**

Internal inertial braking system provides smooth deceleration with minimal fall forces. Dyneema® web lifeline resists abrasion while providing trusted strength. Integrated aluminum alloy swivel-eyes help to prevent lifeline twisting for smooth operation. Features alloy steel rebar hook anchorage connectors. Rebar hooks feature transverse load rated gates. Includes alloy steel dorsal connecting carabiner with twin-leg alignment clip. May be anchored up to 2' below the dorsal D-ring for user's weighing up to 310 lb max. Complies with ANSI Z359.14-2014.
