

**Item P25-0299**

**Floorliner**

A unique self-adhesive product used as protection for hardwood floors, linoleum, countertops, bathtubs and tile. This breathable film is comprised of non-woven synthetic fibers that have a polyethylene topside and a light tack adhesive on the back. Once applied, the surface is protected from spills, scrapes and scratches. It can be reused or remain in place up to 120 days. Size 40" x 56'. Color: blue.
