Item P13-1314

Festool RubIn Abrasive 4-1/2" dia.

Compatible with Festool RS 400, RTS 400, and LS 130 sanders. Festool's RubIn abrasive incorporates a special closed-coated aluminum oxide that sheds wood fibers, making it an excellent choice for natural wood, wood composites and veneers. All Festool abrasives are engineered and manufactured to strict FEPA standards, guaranteeing uniform abrasive positioning and consistent sanding results.
