

**Item P12-1475**

**3M™ Fire and Water Barrier Tape**

3M™ Fire and Water Barrier Tape is an elastomeric fire, water, smoke and sound tape. When installed properly it can act as a barrier to water leakage and airborne sound transmission, while helping to control the transmission of fire, heat and smoke. 3M™ Fire and Water Barrier Tape can provide up to 4-hours of fire protection in construction joints per ASTM E 1966 (UL 2079), 3-hour fire protection in perimeter joints per ASTM E 2307 and 2-hour fire protection in through-penetration applications per ASTM E 814 (UL 1479). Offers broad temperature range when applying with a high tack adhesive sticks to many common building materials.

Item	Description	Attributes
12-1475		Size: 2" x 75'
12-1476		Size: 4" x 75'
12-1477		Size: 8" x 75'
12-1478		Size: 12" x 75'
