

Item P14-1414
3M™ PROTECTA® PRO™ Pack Shock Absorbing Lanyard

Durable webbing and plated alloy steel hardware for strength and corrosion resistance. PRO™ Pack lanyards feature a controlled tearing action when subjected to a fall, reducing the forces imposed on the user to safe levels and stopping the fall. In addition, PRO™ lanyards are lightweight and provide added comfort and safety. 3' web single-leg with snap hooks at each end.
