

Item P13-0894

Hydraulic Roll Groover

The Ridgid No. 918 Hydraulic Roll Groover features a powerful 15-ton hydraulic ram in an easy to transport unit. Ideal for job-site or shop fabrication requirements. The No. 918 mounts easily to the Ridgid No. 300 Power Drive and is available with kits which adapt it to the No. 535, No. 1822 and No. 1224 Threading Machines.

Capacity: 1"-8" Schedule 40, 1"-12" Schedule 10, 2"-6" Copper (Types K, L, M and DWV)
