

Item P14-2340
Louisville Ladder 1AA Fiberglass Cross Pinnacle Platform and Leaning Step Ladder (375 lb.)

Combining the sturdiness of a platform ladder with the ability to be leaned, this Platform to Leaning 2-in-1 Cross Pinnacle Ladder is a job site must-have. Its Hi-Vis green top and shoes make it easily identifiable to prevent fines and improve workplace safety. The V-shape Pro Top allows the ladder to lean against walls, buildings and poles, and onto and into corners. The top includes a magnet tray, hardware tray, drill and tool slots, and pipe or 2x4 holder, and two tool tether anchor attachment points to secure tools with a lanyard. Louisville Ladder’s SHOX system provides extra durability and resistance to abuse and accidental mishandling; it has a 375-Pound capacity and is non-conductive. It meets or exceeds the safety standards set by ANSI, CSA, and OSHA.
