

Item P13-0040

535 Automatic Threading System

The fastest machine in its class, the 1/8" – 2" 535 Automatic Threading Machine is ideal for high production mechanical and fire sprinkler shops. With a 2 HP induction motor and a three-speed transmission, the 535 Automatic offers a powerful combination of speed and ruggedness. Features an automatic chuck and automatic through die head oiling. Can be used with Model 141 Geared Threader for 2 1/2"- 4" threading.

Standard equipment includes: 535 threading machine with foot switch, one 811A Universal Die Head, one #341 Reamer, one #820 Cutter, one set of 1/2"- 3/4" NPT dies, one set of 1"-2" NPT dies, 2 hex wrenches, a spare #E1032 cutting wheel, and one gallon of Nu-Clear Threading Oil.
