Item P14-0530

Master Lock High Security Padlocks

Designed for high security commercial use. Boron steel shackles provide up to 16,000 pounds of shackle pull strength and include dual dead-bolt locking for extreme resistance to prying. Steel shackle guard repels saw and bolt cutters. Five pin cylinders with special pick resistant spool pins make the locks virtually impossible to pick. Weather resistant thermal plastic lock cover will withstand severe weather.

Item	Description	Attributes
14-0530		Body Width: 2 1/8" Shackle Diameter: 5/16" Shackle Length: 3/4" Horizontal Clearance: 7/8" Key Number: 13G851
14-0533		Body Width: 2 3/8" Shackle Diameter: 3/8" Shackle Length: 3/4" Horizontal Clearance: 7/8" Key Number: 13G916
