

**Item P10-9063**

**Metabo 1/2" Hammer Drill**

Vario-Tacho-Constamatic (VTC)-Full Wave Electronics for working at customized speeds to suit the application material and speeds that remain almost constant, even under load. Robust die cast aluminum gear housing for optimum heat dissipation and durability. Metabo S-automatic torque limiting clutch: mechanical decoupling of the drive for safe working should the tool stop unexpectedly. Forward and reverse rotation Spindle with hexagonal recess for screwdriver bits for working without chuck. Restart protection: prevents unintentional start-up after power supply interruption. **Includes: geared chuck, chuck key, rubber-coated handle, drilling depth guide and plastic carrying case.**
