Milwaukee EXACT™ Knockout Set

EXACT™ punches and dies are heavy duty; punch holes in both 10 gauge mild and 12 gauge stainless steel material. Engraved crosshairs on the dies deliver clearest alignment with pre-drawn crosshairs. Both the tooth geometry of the punches, and slug removal ports on the dies provide optimal slug removal. Large size ID markings on both the punches and dies permit easy punch and die selection. EXACT™ punches and dies do not require spacers. Notches on the punches allow for better grip during punch threading and de-threading.
