

Item P10-1042

Milwaukee M12™ HACKZALL®

At just 11" and 2.6 lbs. Milwaukee's M12™ HACKZALL™ features a compact and lightweight design making it easy to control and utilize in tight spaces. 1/2" stroke length combined with 0-3,000 strokes per minute allows this saw to be used for most popular building materials. Controlled cut with a variable speed trigger and fast and easy blade changes with the QUIK-LOK® blade clamp. Features include a battery gauge and LED light. **Kit includes: HACKZALL™ M12™ Cordless LITHIUM-ION Recip Saw, 12V LITHIUM-ION Batteries Packs, 30-Minute Charger, (2) Hackzall™ Blades, and Carrying Case.**
