

Item P16-8129

Milwaukee M18 FUEL™ 21° Framing Nailer Kit

Delivering the power to sink full round head nails into dense engineered lumbers, this framing nailer allows you to tackle even the most demanding framing applications. To keep you productive and efficient throughout the day, the framing gun fires 3 nails per second with zero ramp-up time, meaning a nail is fired as soon as you pull the trigger. Additionally, the cordless framing nailer operates using only our REDLITHIUM™ Batteries and sealed compressed nitrogen to drive each nail. **Kit includes: M18™ REDLITHIUM™ XC5.0 battery pack, M18™ & M12™ Multi-Voltage Charger, a rafter hook, non-marring tip, and a contractor bag.**
