

Item P16-8062

Milwaukee MX FUEL™ 1-1/8" Breaker Kit

The MILWAUKEE MX FUEL™ Breaker delivers a faster, safer, easier concrete demolition experience. The POWERSTATE Brushless Motor delivers 50 ft-lbs of impact energy that meets and exceeds that of corded competition. MX FUEL REDLITHIUM XC406 battery pack delivers unparalleled run time, breaking a 40 ft. trench that is 1' wide and 6" thick on one charge. Front handle provides easier transportation and maneuvering throughout the jobsite. LED lights provide light at chisel in dark applications. Compatible with all Milwaukee MX FUEL REDLITHIUM batteries, delivering the hardest working and most reliable power for equipment. One-Key™ compatible track and manage equipment for your computer or mobile device using the industry's largest Bluetooth® community tracking network. Includes: MX Fuel™ Breaker, Cart, chisels, MX FUEL™ REDLITHIUM™ XC406 battery pack (MXFXC406), and MX FUEL™ CHARGER (MXFC).
