

Item P16-8063

Milwaukee MX FUEL™ Handheld Core Drill Kit w/ Stand

Patented clutch and AUTOSTOP™ technology delivers a safer handheld coring experience by providing maximum control and preventing over-rotation in case the machine gets bound up. Compact stand (sold separately) turns the handheld core drill into a portable, lightweight, rig-mounted solution for more versatile coring up to 6" holes. Easy-to-adjust angled mast settings, and the option to anchor or vacuum provide a versatile solution for coring on site. An integrated pressure gauge helps provide the most efficient drilling pressure to maximize productivity and runtime. The LED level ensures easy, accurate holes handheld. An onboard water connection allows you to core in both dry and wet applications. A universal quick connect hose ensures simple and effective wet drilling in the toughest applications. Track, manage and secure equipment from your mobile device or computer using the industry's largest Bluetooth® community tracking network. If ever lost or stolen, prevent tampering with remote lockout capability. **Kit Includes:** MX FUEL™ Handheld Core Drill, MX FUEL™ REDLITHIUM™ XC406 Battery Pack, MX FUEL™ REDLITHIUM™ CP203 battery pack, MX FUEL™ charger, compact core drill stand, trigger lock, 5/8"-11 bit adapter, quick connect, and hard case with wheels.
