

**Item P14-0783**

**Parapet Wall Anchor**

DBI-SALA's Parapet Wall Anchor is a portable anchorage connector designed for fall arrest applications designed to be used in locations where a low parapet wall provides an anchor site. Non-penetrating design does not penetrate the working surface reducing the possibility of damage. Adjustment range is from 1" to 14.5" wide. Fall arrest rated for one user. No tools required for installation. 5,000 lb rated. The anchor can be used with a shock absorbing lanyard or self-retracting lifeline.
