

Item P89-2014

Paslode 16 Gauge Cordless Li-Ion Finish Nailer

Paslode 16 Gauge Cordless Li-Ion Finish Nailer offer precision in tight spaces. It gives great maneuverability to place the nail exactly where you want it wherever you're working overhead, on ladders or on your knees. Our portable finish nailer, finish nails and fuel cells are designed to work in tandem so you get the job done right, right away. 2-position battery lock secures battery in "off" position to conserve run-time. Lightweight, yet durable, for more comfort and control. Tool-free depth-of-drive nail adjustment. No-mar tip protects premium wood. Swivel belt hook easily adjusts and keeps both hands free with tool always at your side. Nail lockout prevents blank driving.
