**Item P89-2038**

**Paslode GalvGuard™ Fuel and Nail Combo Pack**

Fuel and nails in one convenient package. 1 quicklode™ fuel cell and adapter with every 1,000 30° paper tape offset full head nails. GalvGuard™ coating provides premium corrosion protection for pressure treated lumber and reduces staining and streaking by 80%. Approved for use in pressure treated lumber such as ACQ and MCQ. For use with any Paslode Cordless Framing Nailer. PowerBoost™ nails on all 3" and longer combo packs. PowerBoost™ nails give the power to drive nails into engineered lumbers, such as LVL.
