

**Item P29-1170**

**Portable Band Saw Blades (44 7/8" x 1/2" x .020)**

Super tough Bi-Metal blades out-last conventional blades up to 3 times, requiring fewer blade changes. Matrix II High Speed Steel teeth with 8% cobalt for the fastest cutting, longest blade life available. Recommended for cutting of aluminum, angle iron, bronze, brass, copper, galvanized pipe, mild steel, stainless, chrome, and tungsten. We offer several different brands of band saw blades that will fit Milwaukee, Porter Cable, DeWALT and most other brands of portable band saws.
