

Item P99-9255

PURE220+™ Epoxy Injection Adhesive Anchoring System

The Pure220+ is a two-component, high strength adhesive anchoring system. The system includes injection adhesive in plastic cartridges, mixing nozzles, dispensing tools and hole cleaning equipment. Pure220+ is designed for bonding threaded rod and reinforcing bar hardware into drilled holes in concrete base materials and for post-installed reinforcing bar connections (rebar development). It can also be considered for other applications in concrete and masonry such as anchor bolt repairs, filling abandoned holes and large cracks.

Item	Description	Attributes
99-9255	Pure220+ 9.5 fl. oz. Quick-Shot cartridge	
99-9256	Pure220+ 20.5 fl. oz. dual cartridge
