

**Item P13-0036**

**Ridgid Model 418 Oiler**

Hand-operated continuous oiler pumps easily by thumb action. Large chip pan catches oil runoff, chips and scraps. Oil is double-screened and recirculated through reservoir, hose and hand pump. Portable. Chip pan is 14 1/2" in diameter, 8 1/2" high. Complete system includes hand operated oiler, 1 gallon of threading oil, bucket with removable chip tray, and 54" hose.
