

**Item P12-0153**

**Southwire™ BENDstation™ RIGID Workstation**

More accurate measurements, bends, and cuts with a built-in protractor for quick and accurate bends of 3/4"-1" IMC and rigid conduit. Comfortable work table height at 36 offers less labor fatigue; work standing up without constantly bending over. The ability to store up to 700 feet of conduit, strut or 1000 lbs of other materials and extra shelf for storage of tools and materials. Heavy-duty casters for easy transportation and mobility. Dual-bending shoe designed for both 3/4 and 1 rigid and IMC. Bending requires up to 40% less force to bend than other mechanical benders. A 60" ruler is incorporated on the working surface for quick and accurate marking. Side mounted chain vise is easily adjustable to multiple positions for quicker and safer cutting and threading.
