

Item P10-9872
Stihl MS362 Chainsaws

One of the finest manufactured and safest line of chain saws in the world. All Stihl chain saws feature solid state electronic ignition for fast and reliable starting. The patented Quickstop™ inertia chain brake stops the saw in less than a second should the saw kick back with sufficient force. Master Control™ lever lets you control all machine functions without taking your hand off the saw. Anti-vibration system built in for operator comfort. Air filter is easily accessible. Gear driven oil pump provides positive lubrication. Excellent power to weight ratios on all models. Colony is an authorized service center for Stihl.

Model #	MS362-16
Specifications	
Displacement	59.0 cc/3.6 c.i.
Powerhead Weight	13.7 lbs
Fuel Capacity	20.3 oz.
Chain Oil Capacity	11.0 oz.
Engine Power	3.4 kW/4.6 bhp

Item	Description	Attributes
10-9170	MS362 with 16" Bar and Chain	
10-9514	MS362 with 18" Bar and Chain	
10-9872	MS362 with 20" Bar and Chain
