#### Wap® Attix Wet/Dry Vacuums

Numerous features make these vacuums our best quality, most reliable, line of vacuums for both wet and dry jobsite cleaning, as well as extracting concrete and drywall dust when used with specialty grinders, cutters, sanders and drills. This vacuum's noise level is one of the quietest in the industry. Extra large wheels and casters allow for easy mobility on the jobsite. Colony stocks four different models to fit just about any application. **All models come standard with a heavy duty hose, metal curved wand, metal extension tube, tube holder, filter, and filter bag.**
