

**Item P16-0618**

**Woods Power-Grip Vacuum Cup**

The standard tool of the glass industry, vacuum Cup features an all-metal pump and handle for maximum durability. Its flat vacuum pad is ideal for handling all kinds of windows and other flat glass products. Supplied with protective carrying case. 8" diameter. 125 lbs capacity per vacuum cup. Vacuum cup features Powr-Grip's patented [red-line indicator](#), which warns the user of any significant vacuum loss, and a check valve, which allows the user to restore vacuum without losing a grip on the glass.
