

Item P10-2356

Bosch 18V Compact Reciprocating Saw (Bare Tool)

The Bosch 18V Compact Reciprocating Saw is built to easily move through difficult tasks in tight spaces that other recip saws can't fit. It has the best power-to-weight ratio in its class, and delivers a fast 3,050 strokes per minute. At only 15-3/4 In. long and 4.4 Lbs. (bare tool), this powerful, compact cordless recip saw provides an impressive 0.83 In. stroke. This allows electricians or plumbers to remove more material per stroke. The tool's lightweight is ideal for continuous cutting in over-the-head applications**Includes: (2) 6 In. Bi-Metal Reciprocating Saw Blades. Battery not included**
