

Item P10-0230
Bosch 5" Angle Grinder

Robust 13 amp, 11,500 RPM motor is powerful with a variable speed dial provides the ability to adjust speed for specific applications. Electronic clutch shuts down the motor if the wheel gets into a sudden bind situation. Overload protection shuts off tool to reduce over heating and motor damage. Constant Response™ Circuitry provides a soft start gradually bringing the tool up to full RPM prolonging gear and overall tool life. 2-position vibration control side handle reduces vibration up to 60%, providing comfort for extended periods of work. Lock-on/off slide switch for extended use applications. Includes Backing flange, locking nut, spanner wrench, grinding guard, and vibration control side handle.
