

**Item P10-0369**  
**Bosch 7-1/4 In. Worm Drive Saw**

The CSW41's worm drive system features an enormous gearing ratio in a compact size. This model features sturdy magnesium housing and a die-cast magnesium footplate for true strength and a lifetime of reliable use. It also has easily serviceable brushes, large adjustment levers, a spindle lock, and a built-in saw hook for easy storage between tasks.
