

Item P89-2110
Bostitch 28° Wire Collated Framing Nailer

This wire collated framing nailer features more power for engineered lumber and is made of lightweight durable magnesium weighing just 7.6 lbs. Includes push button adjustable depth guide to set nails at desired depths and steel guards with anti-skid rubber feet. A notched 16" layout indicator on the magazine helps achieve correct distance between studs in a matter of seconds. Includes sequential trigger with exclusive Smart Trigger. Drives diamond point wire collated stick nails 2" to 3 1/2". Perfect for framing, sheathing, siding, trusses, fencing, decks, bridges, engineered lumber and wood to masonry applications. Carrying Case (Item 89-2109) optional.
