

Item P22-0063

CADWELD® PLUS Weld Metal

CADWELD® PLUS is the latest advancement in the continuing evolution of ERICO's exothermic products. It is a simplified method of performing exothermically welded electrical connections. Consists of a tamper proof, disposable, moisture resistant weld metal cup with an unlimited shelf life. The weld metal, disk and ignition source are incorporated into the self-contained package. Moisture and wind were the old style Weld Metal's worst enemies; this new packaging eliminates any potential waste that may have occurred. Color coded weld metal reduces risk of misapplication and gives a simple visual verification of the correct weld metal size. Electronic Control Unit means no starting material is required and makes ignition very safe and easy. Six foot control unit lead gives increased flexibility in hard to reach areas. CADWELD PLUS® has been designed to work in standard Cadweld molds.

Item	Description	Attributes
22-0063		Model: 15PLUSF20 Color Code: Black Old Cadweld #: 15
22-0064		Model: 25PLUSF20 Color Code: Red Old Cadweld #: 25
22-0045		Model: 32PLUSF20 Color Code: White Old Cadweld #: 32
22-0047		Model: 45PLUSF20 Color Code: Light Blue Old Cadweld #: 45
22-0049		Model: 65PLUSF20 Color Code: Dark Green Old Cadweld #: 65
22-0051		Model: 90PLUSF20 Color Code: Gray Old Cadweld #: 90
22-0053		Model: 115PLUSF20 Color Code: Orange Old Cadweld #: 115
22-0055		Model: 150PLUSF20 Color Code: Dark Blue Old Cadweld #: 150
22-0057		Model: 200PLUSF20 Color Code: Yellow Old Cadweld #: 200
22-0059		Model: 250PLUSF20 Color Code: Purple Old Cadweld #: 250
22-0077		Model: 300PLUSF20 Color Code: Light Green
22-0069		Model: 400PLUSF20 Color Code: Brown Old Cadweld #: -
22-0070		Model: 500PLUSF20 Color Code: Light Brown Old Cadweld #: -
